Job Description

Education & Experience

Interested candidates kindly apply before 11/05/2024. CV must be in PDF format, saved with your Full name. Hiring for Associate Quality Assurance Engineer!!! Location : Bangalore CTC offered for: Associate Quality Assurance Engineer – INR 2.58 LPA Number of open positions: 5 Eligibility Criteria: Only 2023 Pass outs – (BCA/ MCA/ BE/ BTech/ MTech / BSc CS/ MSc CS) No bar for academic score Testing the platform, identifying and documenting issues. ☑ Preparing, executing manual test plans and implementing automation where needed. ☑ Collaborating with the Developers and Product Managers to ensure high quality and the timely delivery of releases. ☑ Identifying and proposing areas of improvement in the Quality Assurance process. Troubleshooter at heart. If things are broken; do you have the innate urge to find out why? 2. Relentless when it comes to getting the job done. At any point in time you will be working on multiple things; testing multiple modules. We want you to be relentless. 3. Creative troublemaker. We want someone who looks at testing as a creative process of breaking things or identifying flaws which developers have probably missed paying attention to. That's all that we are looking for. We are not concerned with any tools or theoretical concepts or prior experience. Hiring Process: Online Assessment Round 1 Offline Assessment Round 2 Shortlisted students invited for Online/ Offline Interview
